

CONSERVATION & RESTORATION WORKSHOP

EXPRESSIONS OF INTEREST

A 2 day workshop aimed at owners of historic Buildings

Since 2009 ABCT has provided training in the conservation and restoration of traditional buildings throughout South Australia and NSW.

- Use of traditional lime mortars
- Preparation, application & availability of materials
- Salt Damp Remediation

This new training opportunity targets home owners and is designed to provide a basic understanding of the conservation & restoration needs associated with historic structures.

For expressions of interest and further information regarding workshops, please contact Keith McAllister (ABCT) Office: 8340 7014 or Mobile: 0414 584 272

Places for this workshop are limited.

Led by Keith McAllister of Applied Building Conservation Training (ABCT) Pty Ltd, the training will provide participants with the following theoretical and hands-on experience.

- Paint removal
- Use of breathable paints
- Stone Conservation and restoration
